

RALLY ROAD

Long before this Rally even started I was counting the sleeps just like a Kid at Christ Desert Rally & Races which had Nitro at Nite in Ashcroft, BC, Canada on 08/25-26/00 CMDRA Y2K1 Series. This was one of the best Events I've been to in awhile and I'm that transpired...

With sun screen packed it was off to follow the Gold Rush Trail. Getting into town on a Friday night might think, what with the Drag Racing not set to start 'til Saturday, I wanted to base camp in the Desert, be Wild in the Wind, Ride neat roads and spend time with good people. I love the sound of Bikes echoing through the hills.

Tempted to go Horseback Riding on Thursday as we passed the historic Hat Creek Ranch while touring Cache Creek, Lillooet, Lytton, Spences Bridge & Ashcroft, BC. What a rush!

Rounding a corner at this place called "the Fountain" I was struck by the majesty of the tower of rock & sage, the top misted over in clouds, it was just so beautiful that I started to get goosebumps - but like, who cries looking at a rock? I haven't seen visions like that since Denali National Park in Alaska, USA. There are places in BC, that parallel that magical, mystical place. After the Rain, my Husband came up along side me and I showed him the sight sure he was asking the age old question "What are you thinking?" he said he was too busy just to think about it on one side, with a vertical drop on the other, it was an extreme Ride all the way.

Friday we timed the Poker Run Route that we would Guide the next day. I had never known what to expect - what I found was the biggest mountain I had ever gone over. The ride then carried on, shocked to find that I was still going vertical! In Kamloops, BC, it was a Dealer's for a Meet & Greet BBQ. We met Racers, Pit Crews, and some NWBC HOG Cops specifically for the Rally. Back at our Motel that night it was like one big Slumber Party.

Saturday was off to the Track for the Pancake Breakfast put on by the CMA. The Poker Run was drawn there then on to Logan Lake for the 2nd Card. Cold up in the hills so I kept us at a distance I stopped my Bike then I wouldn't get back on! Wearing Silk Long Johns & Thermal Socks the distance the sun shone through the clouds so that was where I headed. We had a View of a nice Girl on her 1st Motorcycle Ride - she Rode in the cold with the rest of us like a

At the halfway point our Group had become a cohesive Unit. The 3rd Card was at the Pit Stop & Lunch at the Truck Stop. Brenda [of O'Hara's HD of Delta, BC] and Harry helped to repair one Guy's Bike. You're the best! I won't forget Harry's chivalry, grace and wisdom. The 4th Card then back to the Track for the 5th Card just in time to enjoy the Qualifying. What
